Dear Chairman Pai,

I write to support the Comments of the Cable Act Preservation Alliance (“CAPA”) and to disapprove of the proposals and tentative conclusions set forth in the FCC’s September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05- 311.

I was introduced to Chelmsford Telemedia right away because my father, Matthew Scott, was the manager of the station for over twenty years. He brought me into the studio at a young age and introduced me to the various aspects of producing local television. I sat in the control room with him and in the TV truck in which we directed sporting events, parades, concerts, and more. I was introduced to the equipment involved and have since made several films using my knowledge that I obtained from working with Chelmsford Telemedia. I truly believe that my passion along with the passion of filmmakers and audiences in the Middlesex county and beyond wouldn’t be what it is without Chelmsford Telemedia. I sincerely hope that they will continue to receive adequate funding so that they may continue to produce informative and vital programming to our local audiences. Thank you.

Sincerely,

Zachary Scott
